

BRENTWOOD B.C.
- III 2013

For the attention of the Planning Policy Team
Dear Sir or Madam

I write to strongly object to any development of houses stated in the provisional local development plan at the rear of 10-20 Orchard Lane, Pilgrims Hatch, as outlined in the local newspaper last week.

As you will see from my address, I live immediately in front of this proposal and do not want to see 19 homes built on this land locked parcel of land.

Hulletts Farm is a Grade 11 listed property, along with the outbuildings, as they are pre 1/7/1948. As the only way to gain access to this field would be to demolish some/all the buildings - this proposal is quite unacceptable.

I wish to be consulted on every aspect of this proposal in Orchard Lane and wish you to add my name & address to your list.
