Subject: PROPOSED PLANNING FOR GARAGES ADJ TO 49 LAVENDER AVE

Dear Sir/Madam

Re a conversation I had today with Alex Bird of your Forward Planning Dept she suggested I send an email expressing my annoyance at seeing garages (of which one belongs to myself and husband) put forward for future planning without consultation to the owners. I am sure you are aware there are nine garages and to see in print proposals for development on this plot without consultation to the owners was a shock to say the least.

I have been told a Consultation will be held later this month and I would be grateful if you could keep me in the loop on your proposals for "my" garage.

Yours faithfully

Mrs C Attwood
