

Dear Sir or Madam,

Re:- local plan 2015-2030

I feel this plan is VERY WRONG
for the following reasons:-

1. Development of existing Green Belt
Site (Area 037) This is a flood
plain (flooded Xmas 2012).

2. change of West Hamdon Village to
a Town, double its existing size.
plans have no substance to how
this will be done to accommodate:-

A. Health Doctors overcrowded

B. public Transport. Trains just cope in Rush Hour.

C. Schools. NO Secondary School, also primary School is full to capacity as it stands now.

2. Industrial Estate at West Hamdon provides local employment.

New Industrial Estate (M25 area)
This is road reliant only.

3. North Brentwood has no major proposed plans, unlike West Hamdon.

In short very poor plan, not thought out.
